where commentary or additional information may be found.

- Criterion 5.9: If any disputes extend beyond the Test Report's publication, then subsequent updates are made in a clear and timely manner.
- Criterion 5.10: Participants are afforded the opportunity to audit their solution configuration and attach commentary to the Test covering the Test itself and the specific solution's results.
- Criterion 5.11: Test Subject Vendors other than Participants are given the chance to attach commentary to the Test explaining why said Test Subject Vendor did not adopt Participant status.

Attestations

- Criterion 6.1: The Tester may charge for involvement in a Test, but may not charge Test Subject Vendors additional fees to adopt Participant status.
- Criterion 6.2: Any material conflicts of interest that could impact the Test's reliability have been disclosed to AMTSO and as part of the Test Report.
- Criterion 6.3: All products included in your AMTSO Accredited Test are fairly and equally analyzed.
- Criterion 6.4: Any anticipated inequity in your test design is disclosed to all Participants.
- Criterion 6.5: Details disclosing how the test was funded are available.
