

Field	Value
Testing Organization Name	SecureQLabs
Test Plan Name	SecureQLabs Test Plan for Q2 2025 Cloud Web Application Firewall CyberRisk Validation Methodology [AMTSO Test ID: AMTSO-LS-TP127]
Compliance Assessor	Scott Jeffreys
Compliance Assessment Date	June 30 th , 2025
Report Summary and Commentary	<ol style="list-style-type: none"> 1. Final Reports have been issued by SecureQLab covering the following companies and technologies: AWS, Akamai, Baracuda, Checkpoint, Cloudflare, Fortinet, Imperva, Microsoft, Prrophaze, and Traceable. 2. Phase 2 Commentary was sought from six (6) test subject vendors included in the Final Comparative Test Report. One (1) commentary was received from Imperva (Thales Group) regarding scoring and the details have been shared with the tester. No objection was found regarding the compliance confirmation. 3. Issues with references to the AMTSO website and test plan identifiers within the SecureQLab individual and comparative test reports have been resolved in e-mails exchanged with David Ellis. 4. This test is Confirmed Compliant with AMTSO Standard V1.3.
Notifications	<ul style="list-style-type: none"> • <input checked="" type="checkbox"/> Criterion 1.1: Contact information is current and valid in the AMTSO managed contact list. • <input checked="" type="checkbox"/> Criterion 1.2: Participants have been notified regarding this Test through Public Notification or Direct Contact. • <input checked="" type="checkbox"/> Criterion 1.3: The Test Plan is included with the notification sent to Participants. • <input checked="" type="checkbox"/> Criterion 1.4: The Test Plan is available to all potential Test Subject Vendors upon request. • <input checked="" type="checkbox"/> Criterion 1.5: The Test Plan is available on the AMTSO web site for a Public Test. • <input checked="" type="checkbox"/> Criterion 1.6: The Test Plan is distributed within the time line requirements prior to the Test Commencement Date.
Test Plan Content	<ul style="list-style-type: none"> • <input checked="" type="checkbox"/> Criterion 2.1: The Test Plan includes a Statement of Intention to

Plan.

- Criterion 5.5: The Test Report includes details of what Tests were run including the dates and times.
- Criterion 5.6: The Test Report provides details of how the results can be used.
- Criterion 5.7: The Test Report includes specific scores or certifications awarded.
- Criterion 5.8: The Test Report includes a link to the AMTSO web site where commentary or additional information may be found.
- Criterion 5.9: If any disputes extend beyond the Test Report's publication, then subsequent updates are made in a clear and timely manner.
- Criterion 5.10: Participants are afforded the opportunity to audit their solution configuration and attach commentary to the Test covering the Test itself and the specific solution's results.
- Criterion 5.11: Test Subject Vendors other than Participants are given the chance to attach commentary to the Test explaining why said Test Subject Vendor did not adopt Participant status.

Attestations

- Criterion 6.1: The Tester may charge for involvement in a Test, but may not charge Test Subject Vendors additional fees to adopt Participant status.
- Criterion 6.2: Any material conflicts of interest that could impact the Test's reliability have been disclosed to AMTSO and as part of the Test Report.
- Criterion 6.3: All products included in your AMTSO Accredited Test are fairly and equally analyzed.
- Criterion 6.4: Any anticipated inequity in your test design is disclosed to all Participants.
- Criterion 6.5: Details disclosing how the test was funded are available.
