CEOs

October 20-21, 2026  
Brussels, Belgium

AMTSO's annual member and public conference. A unique conference bringing together solution makers, testers, and practitioners to share ideas, insights and knowledge. Featuring presentations, workshops, panels, discussion sessions, and plenty of networking.

## Agenda

- October 19 VIP Dinner with Speakers and special guests
- October 20 Cyber Research Conference  
AMTSO Annual Member Meeting
- October 21 Cyber Research Conference  
Conference Afterparty

# Become a Friend of AMTSO

Keeping the testing ecosystem alive.

Several initiatives and organizations around security testing have gone quiet or disappeared. AMTSO has **survived market cycles and COVID**, continued to host Town Halls, working groups, and now the Cyber Research Conference series. Supporting us means backing the **one non-profit in this space with real staying power and a living community**, not another short-lived project.

For a contribution of **US\$1,500+**, Friends of AMTSO receive:

- Logo placement in the **“Friends of AMTSO / Supporters”** section of conference materials and website
- A **shout-out during the opening of the 2026 Conference**
- Get additional complimentary ticket for your friends to bring to AMTSO Cyber Research Conference 2026

# Let's Connect!
